

product details

L 18 W/76

Product description: L 18 W/76
 Product code: 4008321205094
 Quantity: Shipping carton box (VS) contains
 10 Piece (PCE)

You can find this product in the eCatalog:
http://catalog.myosram.com?~language=EN&~country=DE&it_p=4008321205094

Categorizations				
SEG number	8329482			
Certificates & Standards				
EEL - Energy Label	B			
General Description				
Base (standard designation)	G13			
Recycling	Yes			
Design / version	OSRAM NATURA T8 tubular, G13 base			
Rated lamp mercury content	3.0 mg			
Technical - Electrical Data				
Nominal wattage (packaging)	18 W			
Construction wattage	18 W			
Rated lamp efficacy (HF data)	Under clarification by authority and standardization body			
Technical - Geometries				
Tube diameter	26 mm			
Diameter	26.00 mm			
Length	590.00 mm			
Length with base excl. base pins/connect	590 mm			
Technical - Lifespan				
Lifespan	13000 h ¹⁾			
Service life	10000 h ²⁾			
Technical - Light Technical Data				
Luminous flux at 25 °C	750 lm			
Luminous flux	750 lm			
Light color	76			
Light color as per EN 12464-1	NATURA			
Packaging units				
Product code	Packaging type and content	Dimensions in h x w x l	Gross weight	Volume
4050300010519	Sleeves contains 1 Piece	27,000 mm x 27,000 mm x 605,000 mm	97,500 g (0,000 g)	0,509 Cubic dec.
4008321205094	Shipping carton box contains 10 Piece	145,000 mm x 351,000 mm x 388,000 mm	1.140,000 g (0,000 g)	20,428 Cubic dec.

product details

L 18 W/76

OSRAM NATURA/OSRAM NATURA SPLIT control - good shop light for butchers, bakers and even candlestick makers

According to DIN 10504, the light color of OSRAM NATURA/OSRAM NATURA SPLIT control is particularly suitable for the food sector. The specially tailored spectral distribution of the lamp ensures that food is presented in an appetizing light.

Thanks to their specially matched spectrum, fluorescent lamps with light color 76 make meat, sausages, bread, cakes and other foods look fresh and appealing without disguising poor produce.

By using OSRAM NATURA SPLIT control lamps with their integral protective sleeves in open luminaires the requirements of the International Food Standard are met and the food is fully protected.

OSRAM NATURA SPLIT control is obviously also suitable for enclosed luminaires.

Compared with earlier versions of these lamps, the sleeve material is even more heat-resistant. We recommend replacing lamps with protective sleeves when they reach half their average life.

The new version of OSRAM NATURA SPLIT control T8 is identified by a green marker ring.
